Organisation Registration - General Information

Introduction

The Western Australia Police Force is looking to establish a database of suitable community organisations (ACCO's, NFP's and LGA's) who have the ability to provide services that contribute to local policing and community needs.

Through the Police Community Services Fund, WA Police Force provides funding to ACCO's, NFP's and LGA's to deliver services and programs in the areas of:

- Youth Engagement
- Family Violence
- Drugs and Alcohol
- Homelessness
- Community Safety
- Other needs as identified by the local Police and community members

The Police Community Services Fund is informed by the WA Police Force Agency Commissioning Strategy. This Agency Commissioning Strategy aligns with WA's Implementation Plan for Closing the Gap and with the Aboriginal Empowerment Strategy. These strategies support the WA Government's high-level strategic approach for working with Aboriginal people towards empowerment and better outcomes across the State. By following the WA Government's strategic approach, WA Police Force can ensure the outcomes of the services and programs funded support targets in the National 'Closing the Gap' Agreement.

Police Community Service Fund focuses on providing better services to Western Australians that:

- Meet the needs of the people that use them, at the right time and in the right place;
- Are sustainable and delivered by organisations that have the right staff and systems in place;
- Are based on evidence of what works and robust quality standards; and
- Are culturally safe and tailored to local community needs.

Registering your Organisation

The purpose of this form is to allow the WA Police Force to create a database of service providers who could be invited to apply for funding to deliver their services in the areas identified above.

The Police Community Services Fund is an invitation base funding model. Through consultation with local Police and the community, needs are identified and a project scope is developed. This project scope is then emailed to local providers who are identified through Police knowledge, community recommendation and research.

By registering your organisation on this database, the Police Community Services Fund will be able to send appropriate project scopes directly to your organisation for consideration and application.

Please note this form is not an application for funding. However, by providing information requested, the Police Community Services Fund will be able to provide you with information regarding future funding opportunities.

Where to get more information

For questions relating to this Organisation Registration Form please contact the Community Partnerships and Support Division:

Phone: 9222 1423

Email: communitypartnershipssupport@police.wa.gov.au

What happens once I complete the 'Organisation Registration' Form?

The WA Police Force will review the information provided and complete an eligibility check to ensure your organisation satisfies the criteria to be able to receive funding from the Police Community Services Fund.

Once eligibility is confirmed, your organisations information will be added to the Police Community Services Fund database.

At such time a project scope is developed within your organisations locality and **ability**, you will be contacted via invitation to submit an application for further consideration by the Police Community Services Fund Advisory Panel.

Organisation Details

* indicates a required field

In completing the following form, I understand that the personal and organisational details will be added to a database to be contacted only by the WA Police Force at a later date if an appropriate funding opportunity should be identified. In some instances, my organisation may not be contacted. *

Please check the box to acknowledge understanding of this process.
